Health Professionals Diabetes Workshop

APRIL 11, 2018

Alerus Center | Grand Forks, ND

Altru
HEALTH SYSTEM

Course Description

This one day workshop is geared toward the health professional who cares for people with diabetes. The purpose of this conference is to provide recommendations for best practice to improve diabetes care in a culturally sensitive way.

Marilyn Gardner, RN, BS

*Massachusetts Department of Public Health
Cambridge, MA*

Marilyn Gardner is a public health nurse advisor and cultural competency trainer who has lived and worked internationally in Pakistan and Egypt as well as different cities in the United States. Her experience includes work in the areas of maternal child and women's health, lifestyle changes to prevent chronic disease, cancer prevention and screening, and training of community health workers and patient navigators to work in primary care settings. She is a Masters Trainer for the Stanford University Chronic Disease Self-Management Program and has also been trained in the Diabetes Prevention Program. Her most recent work has included an assessment of behaviors and attitudes towards women's health in the foreign-born Muslim community in Massachusetts.

William Zaks, MD

Altru Health System, Grand Forks, ND

William J. Zaks, M.D., Ph.D. is an endocrinologist at Altru Health System and Clinical Associate Professor of Medicine at the University of North Dakota School of Medicine, both in Grand Forks, North Dakota. He is Assistant Medical Director of the Altru Diabetes Center. Dr. Zaks received his M.D. and Ph.D. degrees from the University of Virginia and completed his residency in Internal Medicine and fellowship in Endocrinology, Diabetes and Metabolism at Barnes Hospital in St. Louis, Missouri. He was board certified in Internal Medicine in 1992, and in Endocrinology, Diabetes and Metabolism in 1994. He is a member and fellow of the American College of Endocrinology, and a member of the American Diabetes Association.

James Brosseau, MD, MPH

Altru Health System, Grand Forks, ND

Jim Brosseau is a North Dakota native who went to UND and the University of Minnesota. He served in the US Public Health Service for 4 years, then did his postgraduate work at the Marshfield Clinic in Wisconsin. He has been a physician with Altru for 40 years and serves as Director of the Altru Diabetes Center.

Tara Feil, PhD

Clinical Psychologist, CHI St. Alexius, Bismarck, ND

Dr. Tara Feil is a clinical psychologist with Archway Mental Health Services at CHI St. Alexius Health in Bismarck, ND. She provides psychotherapy for individuals with a range of mental health concerns and enjoys speaking to community groups and organizations about science-based ways to increase well-being and maximize personal and professional success.

Eric Johnson, MD

*Associate Professor, University of North Dakota
Grand Forks, ND*

Dr. Johnson is an Associate Professor at the University of North Dakota School of Medicine and Health Sciences in the Department of Family and Community Medicine. He serves as the Assistant Medical Director for the Diabetes Center at Altru Health System in Grand Forks, ND. A graduate of the University of Nebraska Medical Center, Dr. Johnson completed his residency at Family Medicine at the University of North Dakota-Fargo Program and is Board Certified in Family Medicine.

As well, Dr. Johnson serves as Vice Chair of the American Diabetes Association Primary Care Advisory Group, President of the Board of the American Diabetes Association-North Dakota Affiliate, and President of Tobacco Free North Dakota Board of Directors. Dr. Johnson has publications in the areas of diabetes, tobacco related disease, interprofessional education, liver disease, and oxidative stress in cardiovascular disease.
